****As of the date of this inventory, the word "accessible" does not necessarily mean that a unit is fully accessible to persons who use wheelchairs or that it contains accessible features for persons with vision and hearing impairments. Many of these buildings were developed before federal law required a certain percentage of HUD-assisted units to be fully accessible for persons who use wheelchairs and have accessible features for persons with vision and hearing impairments. In addition, some of these buildings contain units that have been equipped with some accessibility features at the request of a prior tenant**
